

Description

Semi-transparent transfer paper with high dimension stability and high resistance to moisture. Used for the application of die-cut or computer-cut letters and symbols

Adhesive

Natural rubber, medium adhesive strength

Area of Use

The special composition of the adhesive enables problem-free transfer of die-cut or computer cut letters and symbols using both dry and wet bonding techniques. Due to its high dimensional stability, it is especially suitable for the transfer of large letters and symbols with precise positioning. This mounting paper is suitable for almost all well-known types of glossy or matt-finished films.
